CANADA STUDENT CHECKLIST

Everything to tick off from your study permit application to your first month in Canada, for students from Bangladesh.

বাংলাদেশ থেকে কানাডা: আবেদন থেকে প্রথম মাস পর্যন্ত সম্পূর্ণ চেকলিস্ট

meskhathossain.com · Facts checked against Canada.ca on November 12, 2026. Rules change often, so always confirm on the official IRCC website before you apply. This checklist is general information, not immigration advice.

STEP 1

BEFORE YOU APPLY

আবেদন করার আগে

- [ ] **Choose a program at a Designated Learning Institution (DLI)**
  Pick a program that fits your education and career plan. You'll need to explain this choice.
- [ ] **Check the admission and English test requirements**
  Most programs ask for an English test such as IELTS. Check your school's minimum scores.
- [ ] **Get your letter of acceptance**
  Always required for a study permit.
- [ ] **Get your provincial or territorial attestation letter (PAL/TAL)**
  Needed in most cases. You usually have to accept your offer and pay some or all of your tuition first.
- [ ] **Prepare proof of funds**
  Tuition + travel + living costs. For applications on or after Sept 1, 2026, a single applicant must show CAN$23,448 for one year of living costs (outside Quebec).
- [ ] **Check your passport is valid**
  You'll upload the information page with your application.
- [ ] **Write a clear letter of explanation**
  Why this program, why Canada, and that you understand your responsibilities as a student.
- [ ] **Check if you need a medical exam or police certificate**
  It depends on your situation. Check IRCC's instructions.
- [ ] **Check your local visa office instructions**
  On IRCC's "How to apply" page, choose your country for extra documents.

STEP 2

AFTER APPROVAL: BEFORE YOU FLY

ভিসা পাওয়ার পর, যাওয়ার আগে

- [ ] **Keep your approval documents together**
  Passport, letter of acceptance, IRCC approval letter, and proof of funds in your hand luggage.
- [ ] **Arrange housing for your first weeks**
  Temporary housing is fine at first. Never send money for a place you haven't verified.
- [ ] **Sort out health insurance**
  Coverage for students depends on your province and school. Check what applies to you.
- [ ] **Book your flight**
  Try to arrive before orientation so you have time to settle.
- [ ] **Pack for the weather**
  A proper winter jacket and boots can be bought in Canada too, often better suited to the climate.
- [ ] **Bring some Canadian dollars and a working card**
  For your first days before your bank account is ready.
- [ ] **Make copies**
  Scan all documents and keep them in your email or cloud storage.

STEP 3

YOUR FIRST WEEK IN CANADA

কানাডায় প্রথম সপ্তাহ

- [ ] **Get your study permit at the airport and check it**
  Make sure your name, dates and conditions are correct before you leave the counter.
- [ ] **Apply for your Social Insurance Number (SIN)**
  From Service Canada. You need it to work.
- [ ] **Open a bank account**
  Many banks have student or newcomer accounts. Compare fees.
- [ ] **Get a local phone plan**
  A Canadian number makes job hunting and banking easier.
- [ ] **Get a transit card and learn your routes**
  Check if your school offers a student transit pass.
- [ ] **Attend orientation and register for classes**
  Meet your international student office. They're there to help.

STEP 4

YOUR FIRST MONTH

প্রথম মাস

- [ ] **Make a Canadian-style resume**
  One to two pages, no photo, focused on skills and results.
- [ ] **Start applying for part-time jobs**
  Apply widely. Your first job is about Canadian experience.
- [ ] **Know your work hours limit**
  Up to 24 hours a week off campus during classes, and unlimited during scheduled breaks, if you're eligible.
- [ ] **Make a monthly budget**
  Rent, food, phone, transit, and savings for tuition.
- [ ] **Protect your status**
  Stay enrolled, keep up with classes, and note your permit's expiry date.
- [ ] **Find your community**
  Bangladeshi student associations and campus clubs make the first winter much easier.
